KULLT

PLAY WITH FIRE

THIS IS KULLT

From Norway's largest indoor charcoal grill – the USA-produced, Argentina-inspired Grillworks Infierno 154 – we expertly prepare a versatile and carefully constructed menu of meat, fish and seafood.

Our «Play with Fire» set menu is meant to be shared by at least four people, a fabulous feast of greatest hits from our grill – sharing is caring, as we say!

If you're just interested in a light meal to accompany your drink of choice, we cater to that as well with a dedicated bar food menu.

Kullt is a great place when you want to gather good friends and colleagues. We have plenty of room for a company kickoff or parties for up to 80 people. You can even book two of our shuffleboards for your party and arrange your own tournament.

Our upstairs terrace have excellent views over the Oslofjord and the vibrating City Hall Pier area and Aker Brygge.
